## Social Studies

Mr. Wheeler's social studies classes will finish their unit on Australia with a test on Friday, March 31, 2017. Ms. Prince and Ms. Kohler's classes will continue their unit on Canada. Students will have a quiz on Thursday, March 30, 2017 over physical features, location, climate, and natural resources. Please make sure all students are studying their country's map for either their test or quiz.

## Math

Next week, we will conclude our statistics unit with a test on Monday and Tuesday. The test will cover the measures of central tendency (Mean, Median, and Mode), the measures of spread (Range and Interquartile Range), and the various displays of data (stem and leaf plot, dot plot, histogram, and box and whisker plot). We will then begin our final unit of 6th grade math - Integers! Students will be receiving a lengthy milestone study guide this week that will take the place of the weekly homework. A due date for the study guide is to be determined.

## Science

Next week, we will be completing some hands-on labs and activities to help reinforce the content we've been working on this week. A quick check of content learning up to this point / vocabulary quiz will be administered on Thursday, Mar. 30. (The students have had this vocabulary set of 20 terms since March 17th!) Make sure you visit our 4th quarter Weebly pages for resources and links related to our Astronomy unit.
