Science

Students should have in their possession completed study guides for the three textbook chapters (15-17) which will be covered on the 4th quarter exam scheduled for Thursday, May 25. If for any reason these have been misplaced, the guides and answer keys can be found on our Weebly pages. Students are encouraged to read/study these as homework each evening. During our class time at school this final week, we will be balancing our time between exam review activities and continued preview to 7th grade standards.
